Dear Unitholder:

The Independent Review Committee ("IRC") for the Ridgewood Funds was established pursuant to National Instrument 81-107 – *Independent Review Committee for investment Funds* ("NI 81-107").

The primary role of the IRC is to review conflict of interest matters identified and referred to it by the Manager. NI 81-107 defines what constitutes a "conflict of interest matter", and it includes a situation where a reasonable person would consider the Manager or an entity related to it to have an interest that may conflict with the Manager's ability to act in good faith and in the best interests of the Funds.

During the year ending December 31, 2020, the members have been fully satisfied with the open and cooperative attitude of the Manager. The members of the IRC look forward to maintaining the highest level of cooperation and to continuing to carry out its mandate to ensure that the best interests of the Funds are paramount when the Manager is faced with a conflict of interest matter. In any instance where a conflict of interest is identified the IRC must determine if the manager's proposed action achieves a fair and reasonable result for the fund.

The IRC in fulfilling its annual obligations reviewed its charter, the policy and procedures relating to conflict of interests and conducted a self-assessment and review of its compensation.

The following represents our report to unitholders for the year ended December 31, 2020 and is respectfully submitted by your IRC.

IRC Compensation and Indemnities

The Manager set the initial compensation and expense reimbursement policy of the IRC in September 2008. As compensation for services to the Funds, the Chair is paid \$20,000 per year and each other member is paid \$15,000 per year. Each member, including the Chair, is also paid an additional \$300 for each meeting attended. The Chair and each other member are paid these fees for all the Funds in aggregate as well as serving as an advisory committee. At least on an annual basis, the IRC will review compensation in a manner consistent with good governance practices, giving consideration to the following factors, among any other factors the IRC considers important:

- The best interests of the Funds;
- The number, nature and complexity of the Funds;
- The nature and extent of the workload of each IRC member, including the commitment of time and energy that is expected from each member;
- Industry best practices, including industry averages and surveys on IRC compensation, if available;
- The IRC's most recent annual self-assessment; and
- The Manager's recommendations about IRC compensation and expenses, if made.

During the most recently completed financial year of the Funds, the amount of fees and expenses payable by and charged to the Funds by the Manager in connection with the IRC was \$34,534. This was allocated amongst the Funds on an equitable and reasonable basis.

During the year, no indemnities were paid, and no expenses were reimbursed to the members of the IRC by the Funds except for travel expenses paid to the chairman whose principal residence is in British Columbia.
